

AMENITIES

IVY QUAD (SITE)

- Surrounded on 3 sides by University of Notre Dame owned real estate
- University owned woods to the north, campus to west, parking to the south
- Low maintenance fee, includes roof & pavement replacement, includes building insurance etc..
- 2.57 acre infill development located in St. Joseph County, city water & sewer
- 900' of 7' diameter corrugated perforated steel tubing below parking surface instead of retention pond
- 70' x 180' quad in the center of the complex
- 4 buildings open onto the quad
- 3 buildings face University from Twyckenham
- 10 buildings total

IVY QUAD (BUILDINGS)

- 13,200 - 17,600 square feet each (6 unit - 8 unit)
- Belden jumbo brick, Indiana limestone, traditional siding exterior
- Anderson wood doors Low-E and Argon filled & Anderson Silver line windows Low-E and Argon gas filled
- Honeywell controls on the heating system
- Fresh air exchangers
- High efficiency furnaces
- Digital stats
- Spray foam insulation on walls to stop air infiltration in addition to R-19 fiberglass bat insulation (R22 exterior wall insulation w/ minimal air infiltration). Blower test to confirm low air infiltration.
- National Gypsum "Luxury" sound rating using Denz Glass, quite rock, resilient channel, Gyp-Crete
- Resilient Channel: The resilient channels act as shock absorbers, greatly reducing vibrations coming from Gyp-Crete: A 1" gypsum based floor similar to concrete poured over a sound mat, creating an excellent sound and fire barrier between condos.
- Fiberglass easy clean shower and tub enclosures with option glass door
